EDUCATION

B.E CSE	Sri Eshwar College of Engineering (Upto 1st sem)	**| CGPA: 9.05**	**2024-2028**
HSC	KVMHSS	**| 98 %**	**2022-2024**
SSLC	KVMHSS	**| 98.3%**	**2021-2022**

PROJECTS

Symptom Checker Web Application   **2025**

Built a user-friendly web app using Django, HTML, CSS, and Python to predict diseases based on symptoms and duration. The system provides health tips and specialist suggestions, with data stored in an SQLite database. Focused on clean design and intuitive navigation.

ALLAY – Mental Health Support App   **2025**

Designed a prototype app during a college Freshathon to support teens facing emotional and safety challenges. Features include real-time panic mode, daily mood check-ins, volunteer-based support, and personalized resources. Focused on privacy, emotional well-being, and peer connection in a secure, user-friendly space.

EcoLuxe – E-commerce Web Platform   **2024**

Developed an eco-friendly e-commerce website using HTML, CSS, and JavaScript during a college Creatathon event. The platform showcases sustainable products with a clean, responsive interface and smooth user experience, aiming to promote conscious consumerism through simple design and intuitive navigation.

CERTIFICATIONS
